Localization Projects

Crowdsourcing Translation Reform Plan / Feb.2018

A complete plan to reform a crowdsourcing translation system (English to Chinese) for a supranational travel website company:

- Implement terminology management
- Employ a translation management system (Lingotek, etc.) to automate the process

Website Localization: Remineralize The Earth / Sept.2018 ~

Localize the official website of *Remineralize the Earth*

- Create a Simplified Chinese landing page
- Localize videos and pictures
